

Aluminum Kara Company is honored to have used modern machinery as well as an expert staff under the supervision of Ministry of Industries and Mines, since its establishment in 1374. This company is one the most prestigious manufacturers and service providers in the field of various types of industrial, construction and proprietary profiles. In line with the development plan, the company started to launch a new and more advanced production line in 1389. Our motto is providing high quality products, commitment to the needs of customers, and its customer satisfaction.
